

Pablo Alborán & Ava Max, Tabu

de que esta hecho tu corazon
dime que no esta vacio
que yo tengo el mio
lleno de ilusiones ontigo

tic tock we took it too fat
don't wanna say goodbye
stop killing our fire
time is running out
how could you do this to us
we were flying?

si no puedo borrar las estrellas
no me pidas que olvido tu huella

I die every night and everyday
crying my way to the moon
how come there is no other way
I don't wanna live whitout you

tu busco en cada amanecer
y en el ulimo rayo de luz
desarmo mi cuerpo otra ves
me invento un Nuevo tabu

what can I do to take us back
back to the very beginning
when the only tour eyes could see mine
remember that?
