

# Pain, Stay Away

Stay away, stay away  
Stay away, stay away

I'm on the road to nowhere, cause you're holding me down  
Your urge for my flesh just scares me, don't you follow me around  
You're walking in my shadows and in my shoes, every step I take  
I can feel you all around, like the air I inhale

Sucking all my energy, you know you must feed of me  
I'm starting to run dry  
My body is all that I have left, all the things you said  
Why do you do this to me?  
Stay away, stay away  
You got to stay away  
Stay away, stay away  
Get away  
Stay away, stay away  
I need to get away  
Stay away, stay away  
Get away

Creeping and crawling, drooling on me, every time I turn my head  
I can't get you to disappear from me, you trap me in your cage  
There's no way you're ever gonna stop, you're playing games for keeps  
You're licking your wounds and swear to me, you would bury me deep  
Your head is set to break me down, fuck me up and kick me out  
You don't care what it takes  
Vengeance is burning in your eyes  
I know what you got on you mind  
I really need to get away  
Stay away, stay away  
You got to stay away  
Stay away, stay away  
Get away  
Stay away, stay away  
I need to get away  
Stay away, stay away  
Get away

I can not get away from you, I see you  
You need me, I'm not sad  
I can't believe it  
Stay away, stay away  
You got to stay away  
Stay away, stay away  
Get away  
Stay away, stay away  
I need to get away  
Stay away, stay away  
Get away
