

# Pain, Umbrella

With a black silk umbrella  
On a rooftop one day  
To put physical laws on  
Temporary delay.  
Goggles on and my shoes tied  
Thumbs upturned for the big ride.  
I'll step into a soft glide  
To the earth far below.

Off I went and down I fell  
Like a missile shot to hell.  
Umbrella snapped in three,  
You're a simile for me.
