Paolo Nutini, Lose It

Take that wild rose thorn
And those steal cross-hairs
That big fat bag
That's been sitting over there
Take those blue, blue memories
That you carried like a child
And those heavy, heavy enemies

And just lose it for a little while
Lose it
Lose it for a little while
Lose it
Lose it for a little while
Lose it
Lose it for a little while

I could not seem to find
A way out of my worried mind
Feeling I'd been left behind
Was bringing me down, down
January made me shiver
Another year here to deliver
Another teardrop in the river
Was bringing me down, down, down

Since 1796, rolling
Feel me like this, such a big, big feel
Such a big, big power
I kiss like I write great
Ready to rewind
You be reaching out, shaking hands (Yeah, yeah, yeah)
Make folly, making friends (Yeah, yeah, yeah)
Pulled apart down from the sky (Yeah, yeah, yeah)
And just lose it for a little while (Yeah)

Lose it (Yeah, yeah, yeah)
Lose it for a little while
Lose it (Yeah, yeah, yeah)
Lose it for a little while
Lose it (Yeah, yeah, yeah)
Lose it for a little while
Lose it (Yeah)
Lose it for a little while

I could not seem to find
A way out of my worried mind
Feeling I'd been left behind
Was bringing me down, down, down
January, made me shiver (Shiver)
Another year here to deliver
Another teardrop in the river
Was trickling down, down

Lose it for a little while
Lose it
Lose it for a little while
Lose it
Lose it for a little while

Lose it, yeah

Lose it for a little while

I could not seem to find

A way out of my worried mind
Feeling (as though) I'd been left behind
They were bringing me down, down, down
January made me shiver
Another year here to deliver
But this year I'm gonna be a forgiver
And I'm getting around, 'round, 'round
Lose it for a little while
Lose it
Lose it for a little while
Lose it
(Let's just) lose it for a little while, man
Lose it
Lose it for a little while
Lose it

Lose it (Yeah, yeah, yeah)
Lose it for a little while
Lose it (Yeah, yeah, yeah)
Lose it
Lose it (Yeah, yeah, yeah)
Lose it for a little while
(Yeah, yeah, yeah)
(Yeah, yeah, yeah)
(Yeah, yeah, yeah)
(Yeah, yeah, yeah)
(Yeah, yeah, yeah)
