

Paolo Santos, Fool

Making a fool of myself right here'
Been away, girl I took you for granted
Don't know what to do or what to say
Feeling being stranded
I know that I don't deserve you
I know that I did you wrong
But this is what it takes to mend this heart that aches

I am making a fool of myself right here
Just to let you know that I love you still
I am making a fool of myself right now
To convince you girl
That we can work this out somehow

Caught me by surprise
Everything just seem the same
Later on I've realized
That I'm the one to blame
