

Papa Roach, Kill The Noise

No love, no feelings
I choke on the air
I am breathing
Undone, unhealing
Ain't nobody stopping the bleeding
Deaf with demons on both sides
Can't think no angel left insight
Chained to this static in my mind
And i can't hide

His range i just can't escape
Screaming t my face
So loud i can't hear my voice
Breaking through my mistakes
Ferr fall into grace
I am not insane
It;s time to kill the noise
Kill the noise

My scars keep screaming
I live through the pain for a reason
My god my anger
It drags me down like an anchor
I'm deaf with demons on both sides
Can't think no angel left in sight
Chained to this static in my mind
And I can't hide

His range i just can't escape
Screaming t my face
So loud i can't hear my voice
Breaking through my mistakes
Ferr fall into grace
I am not insane
It;s time to kill the noise
Kill the noise
