

Paramore, Oh Star

Oh star fall down on me
Let me make a wish upon you
Hold on, let me think
Think of what I'm wishing for

Wait, don't go away.
Just not yet.
Cause I thought,
I had it.
But I forget.

And I won't let you fall away,
From me.
You will never fade.
And I won't let you fall away.
From me.
You will never fade away from me.

And now I let my dreams consume me,
And tell me what to think.
But hold on,
Hold on.
What am I dreaming?

Wait, don't go away.
Just not yet.
Cause I thought,
That I had it.
But I forget.

And I won't let you fall away,
From me.
You will never fade away.
I won't let you fall away.
You will never fade away.

And I won't let you fall away.
You will never fade away.
And I won't let you fall away from me,
You will never...

Oh star fall down on me.
