

Paris Hilton, Last Night (I Wanna Bang You) ft. Lil Wayne

[Paris Hilton:]

I can?t believe what we did last night

I wanna wake up in the morning sun

Falling over

Telling everyone I can?t believe what we did last night

I wanna say all my ..

I?ll never forget it, telling everyone about last night

[Lil Wayne:]

Last night was awesome

Too fucking awesome

It was me, myself and I with her

We had ourself a foursome

And I didn?t want the night to end

Purchasing me

Now I?m gone, like the wind

And if you?re the .. I?ll bite the pen

Whatever, I can let you better

Last night I had fun with her

I got 99 problems, not one with her

And excuse my French, but fuck the cameras

I wanna spend a night in Paris,

[Paris Hilton:]

I can?t believe what we did last night

I wanna wake up in the morning sun

Falling over

Telling everyone I can?t believe what we did last night

I wanna say all my ..

I?ll never forget it, telling everyone about last night
