Pascale Picard, Gate 22

I wont try to argue now Anyway I feel theres nothing I could say To ease your mind Maybe theres nothing exciting outside But round here Im just wasting my time Spinning round on nothing new When I close my eyes I remember that kiss Id rather keep them wide open And if I miss that train do you really think That even here, Id be closer to you So here I am leaving soon and Im standing at gate 22 Cause whatever you may think I forgot You know Im still thinking about it Sometimes I wish I could stay But no matter where I go, no matter how long You know III keep hanging on. Sweet memories Im leaving but my mind will surely stay At gate 22 Theres too many dreams I must chase down Though sometimes I bite off more than I can chew I know youd like to keep me near I know its easier to be two But I cant plan my life all around you Im weaker than III let you know So dont ask me to jump this wall From here it looks too tall Two people kissing goodbye facing a door A classic picture were all tired of So here I am leaving soon and Im standing at gate 22 Cause whatever you may think I forgot You know Im still thinking about it Sometimes I wish I could stay But no matter where I go, no matter how long You know III keep hanging on. Sweet memories Im leaving but my mind will surely stay And I already see the picture of that day When youll say youll wait for me And III pretend just then to believe you Ill send you postcards for a few weeks and then Another perfect moment at the wrong time But the timing is always wrong Here I am leaving soon and Im standing at gate 22 Cause whatever you may think I forgot You know Im still thinking about it Sometimes I wish I could stay But no matter where I go, no matter how long You know III keep hanging on. Sweet memories Im leaving but my mind will surely stay At gate 22
