

Passenger, Sword From The Stone

Well how ya doing darling
How you getting on
Any horses running
Worth Betting on
How's the weather down there
I hope ypu're keeping warm

How you feeling sweetheart
Are you moving on
Are you sleeping ok
Or do the nights go on and on
I hope you're eating well
I hope you're staying strong

Cos i am fine and tchem i am not
I ma spinning around and i can't stop
I can't do this alone
For Times flies then it's so slow
I am up and down like a yoyo
I can't do it on my own
And i've tried and i can't pull the sword the stone

How are your mym and dad
How's your brother too
My folks are holding up
My sister's pulling through
And both the cats say Hi
I know the miss ypu too

Cos i am fine and tchem i am not
I ma spinning around and i can't stop
I can't do this alone
For Times flies then it's so slow
I am up and down like a yoyo
I can't do it on my own
And i've tried and i can't pull the sword the stone

Cos i am fine and tchem i am not
I ma spinning around and i can't stop
I can't do this alone
For Times flies then it's so slow
I am up and down like a yoyo
I can't do it on my own
And i've tried and i can't pull the sword the stone
