

Patricia Kazadi, Wanna Feel You Now

Feat. Matt Pokora

I wanna series thinks, series thinks with you
You looking for the love, for the love
I'm looking for too, yeah

I've never found so fast that you live for end
Now fall all over again for you baby

If you tell me that is alright
If you tell me that is ok
I will let you know it's alright
I will let you know the same

If you tell me that is alright
If you tell me that is ok
I will let you know it's alright
I will let you know the same

I wanna feel you now
You wanna feel me now
I wanna feel you now
So must like be with you

Is slowing down time
And the way you are
The cares, trust me
I don't mind
I feel delirious
I'm delirious

I wanna series thinks, series thinks with you
You looking for the love, for the love
I'm looking for too, yeah

I've never found so fast that you live for end
Now fall all over again for you baby

If you tell me that is alright
If you tell me that is ok
I will let you know it's alright
I will let you know the same

If you tell me that is alright
If you tell me that is ok
I will let you know it's alright
I will let you know the same

I wanna feel you now
You wanna feel me now
