

Paul McCartney, Come On To Me

i saw you flash a smile
that seemed to me to say
you wanted so much more than casual conversation
I swear I caught a look before you turned away
now I don't see the point resisting your temptation

did you come on to me
will I come on to you?
if you come on to me
will I come on to you

I don't think I can wait like I;m supposed to do
how soon can we arrange a formal introduction>
we need to find a place where we can be alone
to spend some special time without a I interruption

did you come on to me
will I come on to you?
if you come on to me
will I come on to you
