

# Paul McCartney, Friends To Go

(Paul McCartney)

I've been waitin on the other side, for your friends to leave  
So I don't have to hide, I prefer they didnt know  
So I've been waiting on the other side, for your friends to go

I've been sliding down a slippery slope, I've been climbing  
Up a slowly burning rope, but the flame is getting low  
I've been waitin' on the other side, for your friends to go

You never need to worry about me, I'll be fine on my own  
Someone else can worry about me  
I've spent alot of time on my own  
I've spent alot of time on my own

I've been waitin till the danger past, I don't know  
How long the storm is gonna to last, if we're gonna carry on  
I'll been waiting on the other side, till your friends are gone

So tell me what I wanna know  
I'll be waiting on the other side, for your friends to go

I've spent alot of time on my own
