

# Paul McCartney, Windark Open Sea

Open up your heart  
If you want to set me free  
Full of love, your love.  
Sailing on a windark open sea.  
Sailing on a windark open sea.  
Lighten up, my heart.  
Leave it to the evening breeze.  
Give me love, your love.  
Sailing on a windark open sea.  
Sailing on a windark open sea.  
Oh my, I feel love for you  
Spreading through my body,  
I remember how  
We can be so loving.  
I feel love for you now,  
I feel love for you right now.  
Loosen up, my heart.  
Let me have some time to be  
With a love, my love.  
Sailing on a windark open sea.  
Sailing on a windark open sea.  
Oh my, I feel love for you  
Spreading through my body,  
I remember how  
We can be so loving.  
I feel love for you now,  
I feel love for you right now.  
Sailing on a windark open sea.  
Sailing on a windark open sea.  
Oh, I feel love for you now.  
I feel love for you right now.  
I feel love for you now.  
Baby I feel love for you right now,  
We're sailing on a windark open sea.  
Sailing on a windark open sea.
