Paul Van Dyk, Lights (feat. Sue McLaren)

Caught in the headlights They burn through my eyes Lost to an outer state of mind

Just as I prepare to land It pulls me up again Lost to an outer state of mind and I'm lifted

Lights, there's nowhere to run tonight And I know you'll stop at nothing You know that I'm hypnotized Oh oh lights there's nowhere to run tonight And I know you'll stop at nothing Addicted for life Oh oh lights Ia Ia Ia Ia Ia Lights Ia Ia Ia Ia

Neon lines and spheres They drop like the beat Just as I prepare to land It pulls me up again Lost to an outer state of mind and I'm lifted

Lights there's nowhere to run tonight And I know you'll stop at nothing You know that I'm hypnotized Oh oh Lights there's nowhere to run tonight And I know you'll stop at nothing Addicted for life Oh oh lights Ia Ia Ia Ia Ia Lights Ia Ia Ia Ia Ia... and I know you'll stop at nothing...
