

Paul Westerberg, Tears Rolling Up Our Sleeves

People swear opposites attract
I don't care about that
Is it fiction or fact
We're identically sad
We're got tears rolling up our sleeves
Nobody here's putting us at ease
Is it fiction or fact
We're identically sadv Never a moon on water shone
You do here
We're got tears rolling up our sleeves
We're got tears rolling up our sleeves
Pregnant for minutes
And bored for hours
not soon enough
He'll be ours
Is it fiction or fact
We're identically sad
To be with him for just one night
would you throw away
your whole damn life
Never a moon on waterworks
Just you and me
We're got tears rolling up our sleeves
