

Paula i Karol, Heartwash

Let's get up
Do you want to come over
Figure what's all about

Let me rest my hair
Let me off if it's over
I'm not so good in work it up

This fucking world is die
I'm leaving
You'r hesitate is pass
Believe me
Not the only one forgiven
Must to face up this fiver
There's be new world, don't bother
So go and pass the other ones
Mess up ...
Life is matter
Have the choice
Chose the letter

I love you – say
I love you – want come around
