

# Paweł Piotrowski, Sylwia Frączek, THE SONG FOR

1. Mother is such a big name  
Ever gorgeous and so gracious  
She was all love I needed  
Gave her heart and soul to me then  
Her hands were always hard-working  
Holding me tightly, close to her heart  
She was the one to raise me  
She kept her heart still open so wide

Chorus:

I love you, my darling parents  
'Cos life is the way as it is  
Went different from what you expected  
And sometimes I didn't make you happy  
Now I just wanna tell you sorry  
In my heart you will be carried  
Now I wish to thank you deeply  
'Cos I love you both so dearly

2. Daddy, you just stood by me  
Supported my every single venture  
I'm thanking you for your kindness  
For your smile and helping me forever  
Led me through my hard moments  
Saved me from all of my sadness  
You watched me over and over  
Cared for me like a guardian angel
