## Pearl Jam, Angel

Like an angel fly over your house Like an angel pass out wishes Like an angel I will move the arrow Like an angel I live alone I'm not livin' what was promised I am close but can't enjoy Oh I'm not dyin' Oh I'm so tortured 'cause I see all Tortured and all I cannot do Tortured all I should have done Tortured while I occupied a man I'm not livin' what was promised I am far from glorified Oh I'm not dyin' Oh I'm not alone Mind is not a celestial state with idle hymns of praise Time is short I have an appointment at noon at noon in Hell Across the waste of space and fields of air I glide alone at night Oh please please think of me 'cause I'm I'm by your side I'm by your side I'm by your side oh I'm I'm right in front of you I'm by your side
