

# Pearl Jam, Big Wave

I used to be crustacean  
In an underwater nation  
And I surf in celebration  
Of a billion adaptations

Got me a big wave, ride me a big wave, got me a big wave.  
Got me a big wave, ride me a big wave, got me a big wave.

I feel the need  
Planted in me  
Millions of years ago  
Can't you see  
The oceans size?  
Defining time  
And time  
Arising  
Arms laid upon me  
Being so kind  
To let me ride

I scream in affirmation  
Of connecting dislocations  
And exceeding limitations  
By achieving levitation

Got me a big wave, ride me a big wave, got me a big wave.  
Got me a big wave, ride me a big wave, got me a big wave.

I feel the need  
Planted in me  
Millions of years ago  
Can't you see  
The oceans size?  
Defining time  
And time  
Arising  
Arms laid upon me  
Being so kind  
To let me ride

Got me a ride.  
I got me a ride.
