Pearl Jam, Can't Help Falling In Love

Wise men say, & Darling in love with you.
Until I stay. Would it be a sin?
If I can't help falling in love with you.
Like a river flows surely to the sea.
Darling so it goes, some things are meant to be.

Oh take my hand. Take my whole life too. Because I can't help falling in love with you. And I can't help falling in love with you.
