

# Pearl Jam, Deep

on the edge  
windowsill  
ponders his maker  
ponders his will  
to the street below  
he just ain't nothin'  
but he's got a great view...

on the edge  
know-nothin' town  
feelin' quite superior  
the aged come  
to the sky above  
he just ain't nothin'  
but he's got a great view...

on the edge of a  
christmas clean love  
young virgin from heaven  
visiting...  
to the man above her  
she just ain't nothin'...  
she doesn't like the view  
doesn't like the view  
doesn't like the view...  
but he sinks himself deep.

can't touch the bottom  
in too deep  
can't touch the bottom

can't touch the bottom  
in too deep  
can't touch the bottom

can't touch the bottom  
in too deep  
can't touch the bottom  
can't touch the bottom  
deep...
