

# Pearl Jam, Hold Me (Live)

Give me,give me,what I really need (X2)  
Hold me,hold me,hold me in my sleep  
Give me,give me,what I really need  
All our children in there,doing something swell  
Spread out what begins my hell,there's nothing left in our way

Give me,give me,give me what I need  
Oh,give me,oh hold me,oh treat me for today  
What I'm talking about (X2)  
Is just the kind of things,of the doubt

Give me,give me,give me...  
Give me,give me,give me what I need  
Ooh...ooh...ooh...ooh...  
Hold me,hold me,hold me in my sleep  
Oh,hold me,hold me,hold me in my sleep
