## Pearl Jam, In Thin Air (Live)

On the last time youve got your new parachutes, or a new bike or new clothes or something. Sometimes you got something new you just, you cant wait to... to use it. So were ... are gonna try a couple... At least one new song. Yeh, we cant wait to try it out, so. Another for you. There's a light, when my baby's in my arms There's a light, when the window shades are drawn Hesitate when I feel I may do harm to her Wash it off cause this feeling we can share And I know she's reached my heart in thin air. Byzantine is reflected in our pond There's a cloud, but the water remains calm Reaching in the suns fingers clutch the dawn to pass Even out, it's a precious thing to bear And I know she's reached my heart in thin air Yes, I know she's reached my heart in thin air It's not in my past to presume Love can keep on moving in both directions How to be happy and true Is the quest we're taking on together Take it on, on, on, on, on Take it on, on, on, on, on... There's a light when my baby's in my arms And I know she's reached my heart in thin air And I know she's reached my heart in thin air And I know she's reached my heart in thin air Yes, I know she's reached my heart
