

Pearl Jam, MFC (Many Fast Cars)

Sliding out of reverse into drive, this
We will be turning right, then straight
Off in the sunset she'll ride
She can remember a time denied
Stood by the side of the road, spilled like wine now
She's out on her own and I'm high

There's no leaving here
Ask- I'm an ear
She's disappeared

They said that timing was everything
Made him want to be everywhere
There's a lot to be said for nowhere

There's no leaving here
Ask- I'm an ear
He's disappeared
There's no leaving here
Ask- I'm an ear
Fuck it- we've disappeared
