

# Pearl Jam, Of The Girl

oh he deals em off, off the top, ties em off  
fills it up, with his past, gets carried away  
oh half his life, a hand me down, wasted away  
of he fills it up, with the love, of a girl  
oh he left it alone, drilled the pain, with money to buy  
how he makes his getaway  
how he makes his getaway  
oh he chose a path, heavy the fall, quarter to four  
fills his night, with the thought, of a girl  
how he makes his getaway  
how he makes his getaway  
how he makes his getaway
