

# Pearl Jam, Untitled

i got a car, i got some gas  
Oh let's get out of here  
Get out of here fast  
Ooh everyone's confused  
So i stay in my room  
If i go, i don't want  
To go alone

I hope you get this message  
Oh you're not home  
I could be there in  
Ten minutes or so  
Ooh i got my things  
We'll make it up as we go along  
Oh with you i could  
Never be alone  
Never be alone
