(1st Astronaut)

'There's Buffalo'

Shane you've gotta lay down your guns  
Pick up the pieces and start again  
Shane you've gotta bury away the past  
Lose the hatchet and try again  
Shane you've gotta realise  
It's the way of the world that you made  
Shane you've got to lay the ghost to rest  
Of another time and back to the grave

And Shane the friends we make old  
seem somehow to drift away  
How can you feel alone with all  
the people that you know?  
All those friendly faces that  
reflect from empty bars  
But you will always be a friend of mine
