Per Gessle, Theme From "Roberta Right"

Everything she does is all too much Quite a bit too much She's just a touch too much Everything she makes is so damn neat So saccharin-o-sweet It's bad for her teeth, o-o-oh

Ro-Ro-Roberta Roberta Right You can do what you want with your life And I feel like going out tonight Would-a you like to come along? Would-a you like to come along?

All the games she plays are dull to play They're either black or grey And that's on a jolly day And the words she says are hard to get Her sound is loudly set Like on a jumbo jet, o-o-oh

Ro-Ro-Roberta Roberta Right You should do what you want with your life And I feel like going out tonight Would-a you like to come along? Would-a you like to come along?

- "Come along? Come alive?You got nuthin' to do with my life!!!"
