Pet Shop Boys, One More Chance (Seven-Inch N

(Lowe/Orlando/Tennant)

. -----

The city is quiet, too cold to walk alone Strangers in overcoats hurry on home Tonight I've been walking in the rain Someone's been talking and I've got the blame

Chained, framed, you know what I mean Push me in a corner and I'll scream Just give me one more, one more chance One more, one more chance

I will find out wherever you are Drinking in another club or driving in your car Walking through empty streets Stupid fool, that was yours for keeps

Chained, framed, you know what I mean
Push me in a corner and I'll scream
One more, one more chance
Give me one more, one more chance
Give me one more, one more chance
Give me one more chance, one more chance tonight

The city is quiet, too cold to walk alone Strangers in overcoats hurry on home Tonight I've been walking in the rain Someone's been talking and I've got the blame

Chained, framed, you know what I mean
Push me in a corner and I'll scream
Just give me one more, one more chance
Give me one more, one more chance
Give me one more, one more chance
Give me one more chance, one more chance tonight

You're so extreme
I want to take you home with me
Come on, tell me one more time
I don't mind, baby, I don't mind
I don't mind

Just give me one more ...

Push me in the corner and I'll scream ...

One more, one more chance
Give me one more, one more chance
Give me one more, one more chance
Give me one more chance, one more chance
Just give me one more
One more
One more, one more chance
Give me one more chance, one more chance to-...

I don't mind ...
