

Peter Cetera, Holy Moly

Holy moly dynamite
Feelin' good so the time is right, you know
I'm too shy, don't let me down
I'm just a country boy from a town in Tupelo
I said I'm in love, can't you see
Come on.....make love to me
Holy moly dynamite
I'm gonna show you, baby
That tonight's the night, yeah yeah

Meet me tonight
You messin' with a mad desire
Meet me tonight
We're gonna set you're house on fire
Meet me tonight
I tell you, mama, it's alright
Meet me tonight, yeah yeah yeah yeah

Movin', groovin', hoochie coo
I'm gonna get down
I wanna get next to you
I said don't look back, take my advice
It's gettin' mighty late
And we've got a lot of things to do

*Meet me tonight
It's alright
I said holy moly dynamite
I'm gonna show you, baby
That tonight's the night
I said holy moly dynamite
I'm gonna show you

Baby, that's tonight's the night
Yeah yeah, yeah yeah

(*Repeat)
Gonna show you, pretty baby
That tonight's the night, yeah yeah

Said tonight's the night
Tonight's the night
Tonight's the night
Tonight's the night

Tonight's the night
(Repeat and fade with following)

Yeah yeah, yeah yeah
Come here, baby
Don't you want me to love you.....
