

Peter Tosh, Come Together

"Chorus":

You better come together
Learn to love one another
We got to come together
Learn to love one another

We got to come together
Learn to love your brother
We got to come together
Learn to love your sister

One eye can't see
One ear don't hear
One hand can't clap
One foot don't run

Where do we go from here
Here, there or nowhere
I said where do we go from here
Here, there or nowhere

"Chorus"

Birds unite
Fishes unite
Animals unite
Mankind still fight

"Chorus"
