

Peter Tosh, Lessons In My Life

I've learned some lessons in my life
Always be careful of mankind
They'll make you promises today
But tomorrow they change their mind

But I'm an upfull man
And I love upfull people
I'm a progressive man
And I love progressive people

I'm a truthful man
And I love truthful people
I'm an honest man
And I love honest people

I've learned some lessons in my life
Always be careful of my friends
Money can make friendship end

But I'm an upfull man
And I love upfull people
I'm a progressive man
And I love progressive people
I'm an honest man
I love honest people
I'm an intelligent man
And I love intelligent people

I'm an aggressive man
And I love aggressive people
I'm a fire man
And I love the fire people

But I'm an upfull man
And I love upfull people
I'm an intelligent man
And I love intelligent people

I'm a progressive man
And I love progressive people
