"Chorus:"

Nah Goa Jail
Said me Nah Goa Jail
Fe ganja no more

This here smoke
That you see me with sir
I just got it from an officer
And this here little bit of green sensimilla
I just got it from an inspector
He's my friend

"Chorus"

When you see me
Walking down the street
It is time that you respect to me
'Cause from I ever know myself
I don't know why you always harass me

"Chorus"

I hear one leader say
If it wasn't for the little sensi
Him no know what happen to the economy

I see another leader
Go in a Half Way Tree
And he set them ganja prisoners free

"Chorus"

This here spliff that you see me with sir
I just got it from a priest sir
And this little bit of brown sensimilla
I just got it from a minister

Too many work to do...
