

Pharrell Williams, Come Get It Babe (Feat. Miley

[Intro: Pharrell]

You miss me?

I miss all of y'all

All of you girls standin' together like that, I can't take it

[Verse 1: Pharrell]

Women, I can do anything you like

I can do anything you need

And I got a better body

Than the magazines you read

[Refrain: Pharrell]

None of them boys know the first thing about your fantasy

And if they tried, they can not do it just like me

[Pre-Chorus: Miley Cyrus]

I know you certainly been gone

And it's been much too long

And there's some things we need to do

So I know you need to get home

[Chorus: Both]

Come get it bae

Come get it bae

Come get it bae

Come get it bae

You wanna ride it, my motorcycle

You've got a license, but you got the right to

Gonna pop a wheelie, don't try too high too

Take it easy on the clutch, cause girl I like you

[Verse 2: Pharrell]

I can see it the way you like

I can do anything you need

I can give you dirty looks

Like them niggas that's on T.V

[Refrain]

[Pre-Chorus]

[Chorus]

[Bridge: Both]

There comes a time, when [?] will grab your wrist

You'll need a sugar [?], baby

There comes a time, and you won't believe what you'll do

When that sugar's callin' you

Girl, this is Sho-time, this is where you wanna be

H-O-M-E, satisfaction guaranteed

And there will come a time, this is where you wanna be

Cause it's everything you need, you were lonely mindin' me

[Pre-Chorus]

[Chorus]
