## Pharrell Williams, Gust Of Wind

My heart is filled, with love and care
Not an ounce of gas, I would get up there
The answer's simple
You lift me up
The view up here, I see all the stars
There go Venus, and there go Mars
Somethin' you been through
You're from above

When I first saw you, I got excited
Tried to keep my composure, tryna hide it
But I didn't know
I didn't let go
Then it occurred to me while tryna fight it
Just like a kite, you lurk to ride it
But I didn't know
You're s'posed to let it go

Like a gust of wind You hit me off sometimes Like a gust of wind You push me back every once in a while Like a gust of wind You remind me there's someone up there Who whooshes in The air I need to power myself

When I open the window I wanna hug you Cause you remind me of the air I said yeah Cause when I'm feelin' real low I remember I love you I put my hands in the air And you were there

With your love, I can board the skies [?] that electrifies [?] Cannot stow away Telephone winds of the northern sky Is the closest thing, and here is why Cause we're color You blow me away

I need you, like a [?]
Music umbrellas can make [?]
Who cares if they don't see you?
Don't you know that they're the same?
I need it like a [?]
If you never discover, forever you'll suffer Who cares if they don't see you?
You got until then to learn the way

When I first saw you, I got excited
Tried to keep my composure, tryna hide it
But I didn't know
I didn't let go
Then it occurred to me while tryna fight it
Just like a kite, you lurk to ride it
But I didn't know
You're s'posed to let it go

Like a gust of wind You hit me off sometimes Like a gust of wind You push me back every once in a while Like a gust of wind You remind me there's someone up there Who whooshes in The air I need to power myself

When I open the window
I wanna hug you
Cause you remind me of the air
I said yeah
Cause when I'm feelin' real low
I remember I love you
I put my hands in the air
And you were there
