

# Pink, Centerfold

I'm on the rebound  
I get it where I want to  
I'm on the way down  
I'm getting fixed without you  
You gave me a band-aid  
I put it on my heartbreak  
And all you got is pictures in your hand

Don't you wish you could hold  
The angel in the centerfold  
The fantasy you couldn't control  
Who walked away from you  
Don't you wish that you could hold  
The pretty little paper doll  
The one you couldn't quite control  
Who walked away from you

Flip to me, I'm the centerfold  
I'm gonna charm you  
All night  
Stick to me, I'm the centerfold  
We're gonna go, oh  
Hold tight

I'm gonna hate you  
Till' I forget you  
So here's a keepsake  
I left it in the bathroom  
Just a little something  
Something to remind you  
The joy you'll never get this close again

Don't you wish you could hold  
The angel in the centerfold  
The fantasy you couldn't control  
Who walked away from you  
Don't you wish that you could hold  
The pretty little paper doll  
The one you couldn't quite control  
Who walked away from you

Flip to me, I'm the centerfold  
I'm gonna charm you  
All night  
Stick to me, I'm the centerfold  
We're gonna go, oh  
Hold tight

Flip to me, I'm the centerfold  
I'm gonna charm you  
All night  
Stick to me, I'm the centerfold  
We're gonna go, oh  
Hold tight

Now it's him but it could've been you  
Tell me why it's him when it should've been you  
Its crazy how this makes you wanna change  
Here's an image you won't forget  
All your life I'll tease, I'll torment  
I'll be gone as soon as you turn the page

Don't you wish you could hold  
The angel in the centerfold

The fantasy you couldn't control  
Who walked away from you  
Don't you wish that you could hold  
The pretty little paper doll  
The one you couldn't quite control  
Who walked away from you

Flip to me, I'm the centerfold  
I'm gonna charm you  
All night  
Stick to me, I'm the centerfold  
We're gonna go, oh  
Hold tight
