Pink, Fingers

I'm alone now
Staring at the ceiling
I'm kinda bored now
I can't sleep
And you and me can't make my life complete
When you come you slip into a dream

When it's late at night
And you're fast asleep
I let my fingers do the walking
I press record
I become a fiend
And no one else is watching
I let my fingers do the walking

I'm starving
For some attention
I'm begging, pleading, bleeding
For a suggestion
I bite my tongue because I wanna scream
I'm almost there and you turn and look at me

When it's late at night
And you're fast asleep
I let my fingers do the walking
I press record
I become a fiend
And no one else is watching
I let my fingers do the walking

Rewind and you will see Why in the morning I'm happy Right there on the tv screen Me vengo, me vengo

I'm restless You need some caffeine But I'm wasted If you could only see Cause I need more than you are gonna give

When it's late at night
And you're fast asleep
I let my fingers do the walking
I press record
I become a fiend
And no one else is watching

When it's late at night
And you're fast asleep
I let my fingers do the walking
I press record
I become a fiend
And no one else is watching
I let my fingers do the walking
