

# Pink, Our Song

Where to start  
When only love breaks your heart  
Watching this fall apart  
As we dance in the dark

Eyes wide shut  
Where did we lose our touch  
I needed you so damn much  
Why is everything hard

When you're winning the war  
But you lose so much more  
Is it worth it, I don't understand  
Used to die for each other  
That song made us lovers  
All over and over again

Now we don't know even know the words to it anymore  
And you don't look at me that way like you did before  
Now it's just another song on the dance floor  
And we don't even know the words to it anymore

Took for granted  
Both of us empty-handed  
But if I had one more chance  
I would do it again

When you're winning the war  
But you lose so much more  
Is it worth it, I don't understand  
Float away in the covers  
That song made us lovers  
All over and over again

Now we don't know even know the words to it anymore  
Oh, you don't look at me that way like you did before  
Oh-oh, oh, now it's just another song on the dance floor  
And we don't even know the words to it anymore

Na-na, na-na, na-na, na, na-na, na-na, na  
Oh, na-na, na-na, na-na, na, na-na, na-na, na  
And now it's just another song on the dance floor  
And we don't even know the words to it anymore

Na-na, na-na, na-na, na, na-na, na-na, na  
Na-na, na-na, na-na, na, na-na, na-na, na
