

Pink, There You Go

hey don't come around
talkin' 'bout that you love me
cuz you loved those bitches before me
I don't wanna hear that you adore me
and I know that all you're doin'
is runnin' your mind games
don't you know that game beats game
so your best bet is to be straight with me

so you say you wanna talk, let's talk
if you won't talk, I'll walk
yeah it's like that
I gotta new man, he's waitin' out back
now what? what you think about that?
now when I say I'm through, I'm through
so basically I'm through with you
what cha wanna say?
had to have it your way, had to play games
now you're beggin' me to stay

CHORUS:

there you go, lookin' pitiful
just because I let you go
there you go, talkin' 'bout you want me back
but sometimes it be's like that
there you go, talkin' 'bout you miss me so
that you love me so, I let you go
now look at you, there you go

please don't come around
talk about how you changed
how you said good-bye
to what's-her-name
all it sounds like to me is new game
and I know I was right when I said
I'd be much better off without you
had to get myself around you
cuz my life was all about you

so you say you wanna talk, I don't
say you wanna change, I won't
yeah it's like that
you had your chance, won't take you back
now what? what you think about that?
now when I say I'm through, I'm through
so basically I'm through with you
what cha wanna say?
had to have it your way, had to play games
now you're beggin' me to stay

CHORUS repeat

don't you wish you could turn the hands of time
don't you wish that you were still mine
don't you wish I'd take you back
don't you wish that things were simple like that, oh!
didn't miss a good thing till it's gone
but I knew it wouldn't be long
till you came runnin' back
missin' my love, there you go

CHORUS repeat
