## Verse 1

Ya'll can play, thugs and gangstas while I

I was, watching Scarface dreaming of becoming Tony,  
Schemin, Triple beamin, double teamin bitches with my homies  
I got no blame its just some bitches understand my story  
And anger problems, my brother, Uly wont hear before me  
Rap had me, wanting to be a dope boy  
Now I rap, I stay away from that dope, boy  
It's destiny, I was breast fed that coke boy  
and when you seem them chicos better call them folks boy  
I'm putting ya'll on the game  
I'm hearing raps about coke and crack (crack?)  
to be honest they all sound the same  
Pit is off the chain (chain?)  
Yea, That's etched in stone (stone?)  
So leave him alone (lone?)  
Boy, leave him alone

## Hook x2

F\*\*k whos the baddest a person's status depends on salary  
This for them Cuban's losing life over Fidel's mentality  
Treat a hater like golf and put a hole in one  
I dont carry guns but my dawg's holdin' one  
Ya'll boys flip bricks, These boys flip tons  
One time Fat Joe, Rest In Peace Big Pun  
This how I do it do it  
Spit English and Spanish fluent  
Then if you dont know I suggest  
You pay close attention to it  
Pit's here now  
This how it's going down  
Kilos and pounds  
Goin town to town  
Fortunately thats not my life no mo'  
If its gotta do with dope

Pit's one of a kind  
Pit's ahead of his time
