## Pitbull, Tell Me (Remix) (Featuring Frankie J & Ke

Mamita why we gotta keep going through this Talk to her Frankie (verse 1)

Just Yesterday you said you loved me
That there was nobody else above me
that i was yours and you were mine
that there was no limits to our skies
But then you had to put our love on hold
when it came to making love it wasn't you anymore
and now your telling me to leave
I gotta walk out the door
cant you see that this is killing me
Its hurting my soul
oh baby

Frankie J & Enp; Ken Y (Chorus)

How am i supposed to leave you
When my heart tells me to keep you
how can you ask me to let you goooo
No I just cant let you go
No I just cant let you go
(Nooo)
Cant you see Im slowly dying
But Im gonna keep on trying
Please dont ask of me to let you goooo

Pitbull (Verse 2)

Let me start By telling you I love you with all my heart But i cant understand the reason When you tell me your leaving Girl me and you were suppose to be forever and ever Now instead of being in love Its like we are use to each other How could we do this to each other We use to ride for each other Die for each other Cry for each other Now its like all we wanna do is say is bye to each other I cant let this happen I refuse to lose you I love you baby Its the truth as usual I wanna make you happy Girl it aint hard to see you mean the world to me we had been though it all thick or thin right or wrong I cant let you go 'cause this love is too strong

Frankie J & Enp; Ken Y (Chorus)

How am i supposed to leave you When my heart tells me to keep you how can you ask me to let you go

No I just cant let you go No I just cant let yo go (Nooo)
Cant you see Im slowly dying
But Im gonna keep on trying
Please don't ask of me to let you go
