PJ Harvey, Eyepennies

I will return here one day And dig up my bones from the clay I buried nails and strings and hair And that old tooth I believe was a bear's

I held my hand in the fire It burned me down to the wires

Blood suckers hide beneath my bed And black fumes of skin so gently bled I slept with a cat on my breast Slowing my heart stealing my breath

At sunrise the monkeys will fly And leave me with pennies in my eyes

I will return here one day
And dig up my bones from the clay
I buried nails and string and hair
And that old tooth I believe was a bear's

At sunrise the monkeys will fly And leave me with pennies in my eyes
