

PJ Harvey, Harder

Oh oh my my my
My man's up all night
Works me till I moan
Drives me out of my mind
Why it's so hard
Must be made out of cold steel
Why it's so hard
He's a man running my wheel
Just keep me burning
Just keeps me yearning
Put my whole body on fire
Burning whole body desire
Why it's so hard
Yeah taking me over
Why it's so hard
My cold steel soldier
Harder
Harder
Harder
Oh oh make me beg
Eats meat in my bed
Works me till I'm done
Mad dog can sure hunt
Why it's so hard
Must be made out of cold steel
Why it's so hard
C'mon Daddy drive my wheel
Harder
Harder
Harder
Why it's so hard
Money made out of cold steel
Why it's so hard
He's a turning my wheel
Harder
Harder
Harder
Yeah
