PJ Harvey, Love Too Soon

I have loved In my life As a child I often cried

And love too soon Can fade away Love too soon Can fail away

In the sun Light of day I can see Your face change

And love too soon Faze away Love too soon Can fail away

And this dreadful crime to see Breaks my heart Into pieces

Love too soon Can fade away Love too soon Can fail away

How false the heart How false the day When you swore your love The branches now decay

Love too soon I'm faze away Love too soon I'm faze away
