

PJ Harvey, Teclo

Long goes the night
Longer the day
Teclo your death
Will send me to my grave
I learned to beg
I learned to pray
Send me his love
Send him to me again
Let me ride
Let me ride
Let me ride on his grace for a while
Let me ride
Let me ride
Just let me ride on his grace for a while
Long goes the night
Longer the day
Teclo your death
Will send me to my grave
Let me ride
Let me ride
Just let me ride on his grace for a while
Let me ride
Let me ride
Just let me ride on your grace for a while
Just let me ride
