## Placebo, I Know

I know, you love the song but not the singer I know, you've got me wrapped around your finger I know, you want the sin without the sinner I know I know I know, the past will catch you up as you run faster I know, the last in line is always called a bastard I know, the past will catch you up as you run faster I know I know I know, you cut me loose in contradiction I know, I'm all wrapped up in sweet attrition I know, it's asking for your benediction I know I know I know, the past will catch you up as you run faster I know, the last in line is always called a bastard I know, the past will catch you up as you run faster I know I know I know, the past will catch you up as you run faster I know, the last in line is always called a bastard I know, the past will catch you up as you run faster I know I know.
