

Placebo, My Sweet Prince

Never thought you'd make me perspire.
Never thought I'd do you the same.
Never thought I'd fill with desire.
Never thought I'd feel so ashamed.

Me and the dragon can chase all the pain away.
So before I end my day, remember..
My sweet prince, you are the one
My sweet prince
you are the one

Never thought I'd have to retire
Never thought I'd have to abstain
Never thought all this could back fire
Close up the hole in my vain

Me and my valuable friend
can fix all the pain away
So before I end my day
remember
My sweet prince
you are the one
My sweet prince
you are the one
you are the one
you are the one
you are the one
you are the one

Never thought I'd get any higher
Never thought you'd fuck with my brain
Never thought all this could expire
Never thought you'd go break the chain

Me and you baby,
still flush all the pain away
So before I end my day
remember
My sweet prince
you are the one
My sweet prince
you are the one
you are the one
you are the one
you are the one
you are the one
you are the one
you are the one
you are the one
you are the one
My sweet prince
My sweet prince
