

# Placebo, Passive Aggressive

It's in your reach  
Concentrate  
It's in your reach  
Concentrate  
If you deny this  
Then it's your fault  
That God's in crisis  
He's over

It's in your reach  
Concentrate  
It's in your reach  
Concentrate  
If you deny this  
Then it's your fault  
That God's in Crisis  
He's over

Every time I rise I see you falling  
Can you find me space inside your bleeding heart  
Every time I rise I see you falling  
Can you find me space, find me space

It's in your reach  
Concentrate  
It's in your reach  
Concentrate  
If you deny this  
Then it's your fault  
That God's in Crisis  
He's over

Every time I rise I see you falling  
Can you find me space inside your bleeding heart  
Every time I rise I see you falling  
Can you find me space inside your bleeding heart  
It falls apart  
It falls apart  
Falls apart

Every time I rise I see you falling  
Can you find me space inside your bleeding heart  
Every time I rise I see you falling  
Can you find me space inside your bleeding heart  
It falls apart  
It falls apart  
Falls apart
