

Placebo, Special K

Coming up beyond belief
On this coronary thief
More than just a leitmotif
More chaotic, no relief
I'll describe the way I feel
Weeping wounds that never heal
Can the savior be for real
Or are you just my seventh seal?

No hesitation, no delay
You come on just like special K
Just like I swallowed half my stash
I never ever want to crash
No hesitation, no delay
You come on just like special K
Now you're back with dope demand
I'm on sinking sand
Gravity
No escaping gravity
Gravity
No escaping... not for free
I fall down... hit the ground
Make a heavy sound
Every time you seem to come around

I'll describe the way I feel
You're my new Achilles heel
Can this savior be for real
Or are you just my seventh seal?

No hesitation, no delay
You come on just like special K
Just like I swallowed half my stash
I never ever want to crash
No hesitation, no delay
You come on just like special K
Now you're back with dope demand
I'm on sinking sand
Gravity
No escaping gravity
Gravity
No escaping... not for free
I fall down... hit the ground
Make a heavy sound
Every time you seem to come around

No escaping gravity
No escaping gravity
No escaping gravity
No escaping gravity
